<b>ENVIRONMENT MANAGEMENT SYSTEM</b>	<b>17-11010</b>
<b>POLICY</b>	

Direct Group Industries Pty Limited is committed to operating in a manner that is compatible with the long-term sustainability of the environment. Environmental stewardship is one of our core organizational objectives and the responsibility of all our management, staff, contractors and clients. Sound environmental performance is a key component of good business performance, and as such, it represents a value-added benefit to our community.

Direct Group Industries Pty Ltd have determined that under the terms of our environmental policy we will:

- Embrace best practice in near 100% complete recycling of products we receive and produce
- Comply with all applicable environmental laws and regulations
- Manage our operations to avoid or minimize impacts to the environment
- Identify environmental objective and targets, beyond strict regulatory compliance, and strive for continual improvement
- Monitor our environmental performance through regular evaluations and reset targets and objectives periodically.
- Look for better ways and efficiencies
- Promote our superior environmental performance to maximize strategic business advantages whenever and wherever we can
- Consider environmental costs, risks, and impacts when making planning, contracting, purchasing, and operational decisions
- Reduce and furthermore prevent pollution whenever and wherever possible
